

# So baust du einen Würfel

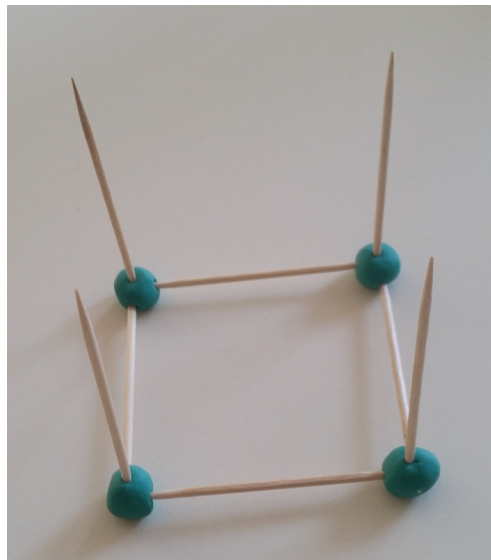

Du brauchst: 12 gleichlange Zahnstocher, 8 Knetkugeln

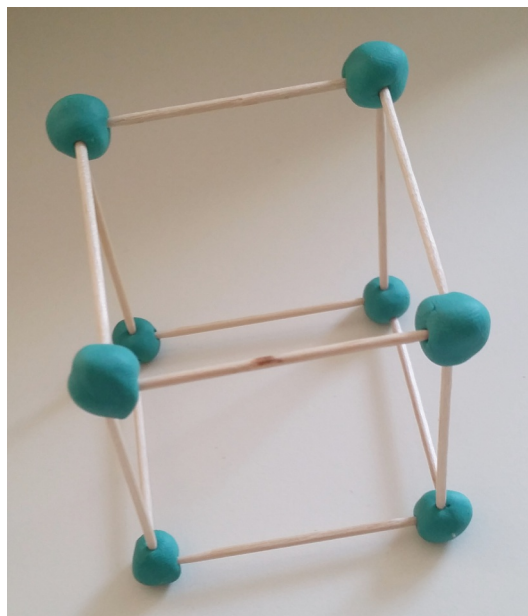

1 Baue zuerst 2 Quadrate.

2 Stecke in die Knetkugeln eines Quadrates 4 Zahnstocher.

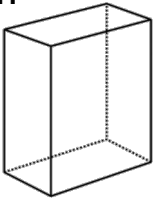

3 Setze das andere Quadrat obendrauf. Fertig! :)

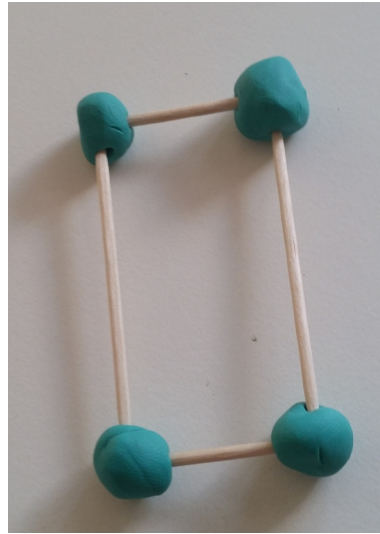

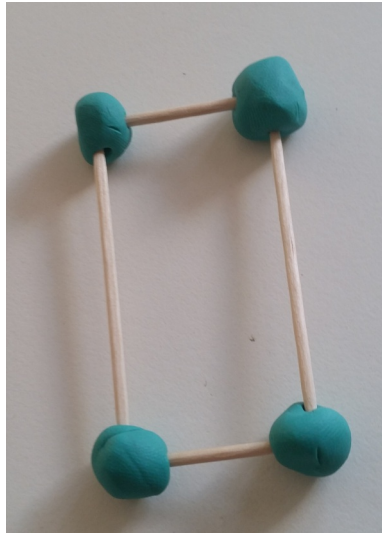

# So baust du einen Quader

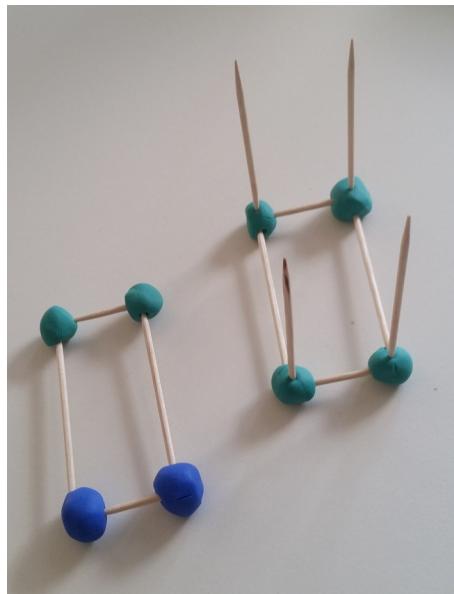

Du brauchst: 12 Zahnstocher (immer 4 gleich lang), 8 Knetkugeln

1 Baue zuerst 2 Rechtecke.

2 Stecke in die Knetkugeln eines Rechtecks 4 gleich lange Zahnstocher.

3 Setze das andere Rechteck obendrauf. Fertig! :)
